

Our ethos at The Mill is simple, we cook food, serve you & get you drinks. We don't protect the country or cure the sick, but hopefully, people enjoy what we cook & serve, enjoy their time with their friends and leave happy.

Please note our gluten free dishes are prepared in the same kitchen as all other, so we cannot 100% guarantee they are free from all gluten. Whilst all of our dishes state their ingredients and may not state nuts, there may be a trace of them. Please make sure you inform staff of any allergies. We can cater for most, if not all dietary requirements, but we must know beforehand.
